

**VOTE
YES
ON PROP 50**

**THIS ISN'T ABOUT *POLITICS*.
IT'S ABOUT PROTECTING
DEMOCRACY.**

On **November 4th**, California voters can approve emergency congressional district maps that **defend democracy, represent our diverse communities, and ensure our voices aren't silenced.**

**THE POWER IS IN THE HANDS OF
THE PEOPLE IN CALIFORNIA**

AAPI Equity Alliance recommends supporting Proposition 50. This is a matter of preserving democracy, not party lines. California would not have to redraw our maps if Texas did not move first to manipulate the results of the 2026 election. Allowing one party to unilaterally change the outcome of an election more than a year before voting even begins virtually **guarantees the political capture of one entire branch of the federal government** for the foreseeable future – no matter what voters do.

No political party should be able to rig the game in their favor without facing a fight. Vote YES on 50!
